### MONTENEGRIAN TROOPS WIN BIG VICTORY IN CAPTURING TURKS

(By Associated Press)

HEIDELBURG, Ger., Oct. 15.—A great Montenegrin victory over the Turkish forces was announced by Prince Peter of Montenegro in a telegram to a former tutor. The dispatch from the prince declares that 10,000 Turks have been captured after a fierce battle that raged for several hours. The artillery of the Turkish forces with great quantities of ammunition, was also captured by the Montenegrin forces.

CONSTANTINOPLE, Oct. 15.—The Ottoman government has decided to recall the Turkish ministers from Athens, Sofia and Belgrade. This action was announced following a consultation of the cabinet.

BELGRADE, Oct. 15.—Fighting has been conducted throughout the day along the frontier. The reports of cannon firing could be heard at Vranja from the direction of Rostovatz and Vilagoske. ### TWO BROKERAGE FIRMS HAVE OPENED FOR BUSINESS

PIONEER MINING MEN OF TONOPAH HAVE OPENED STOCK BROKERS' OFFICES

Two new brokerage firms have started up in Tonopah within the last few days, and from the amount of business already transacted, the success of the ventures is assured. R. P. Dunlap, the pioneer mining man of the camp, has opened offices in the Tonopah Club block, beneath the Postal telegraph office. Mr. Dunlap opened his business place this morning and greeted many of his old friends in the new location.

J. J. Trimble, also a pioneer of Tonopah, has located in the Butler theater building on Brougher avenue. Glen Adams, who has been with Halston and Brown, has severed his connections with that firm and is engaged with Mr. Trimble. The firm name is J. J. Trimble, Incorporated.

### PAYS TRIBUTE TO MANAGEMENT OF LOCAL COMPANIES

MONTANA AND MERGER ARE DECLARED TO BE IN EXCELLENT CONDITION

Interesting accounts of the Montana Tonopah and Tonopah Merger properties are to be found in the recent issue of the New York Mining Age. The articles pay deserved tribute to both companies, and are as follows:

According to the statement submitted by the treasurer of the Montana Tonopah company last week, the company have over \$250,000 cash in the treasury after paying dividends amounting to \$100,000 and investing \$150,000 in the Colorado wealth property in Arizona, which furnishes substantial proof of the earnings which this company is making since the ore reserves in the property have shown a disposition to improve. A company in this position is certainly well fortified financially, and as soon as earnings can be obtained from the Com-

wealth property in Arizona a much larger income will be obtained, as the company will have two active units, one in Tonopah and the other in Arizona, contributing to the treasury. It is of course, too early to make any definite statements as to what can be depended upon to come from the Commonwealth property regularly until that mine has shown what it can yield, but as a great deal of scrupulous care was exercised in buying that piece of ground it is a fair assumption that good earnings can be depended upon to come from it.

A sense of greater security seems to have surrounded the stock of the Tonopah Merger during the past week as a result of the more reassuring advices received from Tonopah that, as a general average, the ore values in the vein recently encountered will run much nearer to \$20 per ton, than \$100 per ton, which was the purport of the first advices received from it. As every one knows who has had any experience in following values in mining properties, while assays of anywhere from \$100 to \$500 are frequently reported as having been opened up, it is never good policy to depend upon assays of this kind representing any reasonable amount of tonnage that any piece of ground may yield, as ore of that grade is by far the exception rather than the rule, although frequently small shipments of anywhere from 10 to 50 tons averaging as high or higher are shipped out. The management of the Tonopah Merger company is apparently going on in its own way attending to the developing of these things, and as negotiations have been concluded to lease a portion of the old Belmont mill, it would seem that the Merger company intends placing its property upon an earning basis with no undue loss of time.

## Roosevelt Resting Easily In Chicago Hospital

### X-RAY EXAMINATION MADE OF WOUND BY SURGEONS

(By Associated Press)

CHICAGO, Oct. 15.—Theodore Roosevelt, who was shot by John Schrank, the would-be assassin, in Milwaukee, lies today in Mercy hospital here, resting easily. Half a dozen of the most skilled surgeons of Chicago made an X-ray examination of the colonel's wound and announced the bullet did not pierce the lung but had lodged in the chest.

An official statement says: "Roosevelt's hurt is a deep bullet wound of the left chest wall without striking any vital organ in transit. The point of entrance is to the right and one inch below the level of the right nipple. The range of the bullet is upward and toward for a distance of four inches deeply on the chest wall. No evidence can be found of penetrating the lung. No operation is indicated at present. The condition of Roosevelt is hopeful but the wound is so important as to de-

### OVER SCORE TAKE DEPARTURE FROM TONOPAH TODAY AND MANY MORE WILL LEAVE NEXT SUNDAY

Stirring Address, Complimenting Volunteers On Their Patriotism Delivered By R. L. Tadich

Wished Godspeed by half a hundred countrymen, over 20 members of the local Servian colony departed this morning for their fatherland to enlist in the Servian army to participate in the war against Turkey. The Servians journeyed to Goldfield where they were joined by additional countrymen and this afternoon they resumed their journey eastward. At Salt Lake additional volunteers will be picked up and by the time the train reaches New York it is expected that several hundred men will augment the original party that left this city.

The departure this morning was not without ceremony, nor was it such a gala occasion as was planned. Many of the volunteers realized that death might be their reward, but all evinced a willingness to give their lives in the service of their country and in the protection of their parents. However, their patriotism to their home land was too strong to remain away when the entire country was in a state of distress from the war being waged by the hereditary enemies of the Slav race.

At a meeting of the Young Men's Servian society last evening, it was announced that the first detachment of volunteers would leave today. Arrangements were made for the departure of a second party next Sunday, and an attempt was made to induce all volunteers to wait until the latter date. The delay, however, was not favored, and the score of patriotic Servians made ready to leave at once.

During the time that farewells were being made at the depot this morning, the departing volunteers were addressed by R. L. Tadich of the firm of Tadich brothers. Mr. Tadich delivered a stirring address, calling attention to the fact that for the last five centuries the Turks and the Slav races have been in almost constant warfare. He reviewed the past atrocities as committed by the Turks against the Christians and commended the splendid spirit as displayed by the Servians of Tonopah in returning to their mother country to fight for their

flag.

"The Americans of Tonopah also compliment you on your patriotic spirit," declared Mr. Tadich, "and in a crisis of this kind you have the well wishes of the civilized world. You are going to the defense of your country, your homes, your parents and loved ones, and may you return from the war with victory perched on your banner."

Mr. Tadich was tendered an ovation at the conclusion of his stirring address. A few minutes before the train pulled out Eli Milich, one of the party, delivered a farewell address to the people of Tonopah. Mr. Milich has many friends in this district, having resided here a number of years. He is also interested in mining in Mineral county.

"We consider ourselves Americans and would fight in a minute for this country," declared Mr. Milich. "It is our duty to enlist and fight for the honor of our mother country, but as soon as the war is over we will return to America, for we consider this country as our home."

Among the party departing was Joe Bulich, who in 1876-77-78 participated in the last war with Turkey. He is now 54 years of age and accompanied by his brother Nich Bulich, will again take up arms against Turkey. Eli Melich was accompanied by a brother, Tom Melich, while two more brothers, Joe and Andy Kovacevich made up the party. Among the others who took their departure were John Vujanovich, Chris Vujanovich, Pete Kovacevich, Mike Kovacevich, John Kovacevich (the three being cousins), Milo Tomanovich, Mike Jurakovich, Louis Kupich, Pete Pesikan, Milo Yankovich, Mike Tomanovich, Blaz Radulovich, Chris Kalagurjevich, Chris Srzentich, Steve Vuksanovich, Spiro Kalagurjevich and Mine Mijuskovich.

At the meeting of the Servians last night discussion was held as to the organization of a Red Cross fund, the money to be used in paying the expenses of volunteers returning to Servia. No active work was done in furthering the movement as all the volunteers who were in readiness to depart this morning were well supplied with funds.

### CHINESE NEWSPAPER IS DECLARED THE OFFICIAL ORGAN DEMOCRATIC PARTY

Practical jokes may be all right in their place, but the practical joke who called the Bonanza office during the noon hour today while the force was absent at dinner and posted a page of a Chinese newspaper on our bulletin board should be summarily dealt with if his identity could be established.

The paper contains nothing but Chinese characters, but it was sufficient to cause politicians to stop for a second and to investigate the supposed bulletin. After the nature of the paper was determined the readers would hurriedly continue on the way.

A pathetic bulletin occurred during the early afternoon, shortly after the paper had been placed on the bulletin board.

What is that, a Chinese or Japanese newspaper? asked one authority, who had happened along.

"It is the official organ of the democratic party," was the response from a bystander.

The crowd appeared satisfied with this explanation.
